

PRACTICAL GUIDE / INFLUENCER

Your content, in the right place.

Help users understand their equipment with content connected to exact catalogue references.

Public profiles and contributions require approval. Submitting content does not publish it automatically.

From your account to your first action

01

Prepare my profile

02

Connect content to a product

03

Submit for review

What you can do

Present my world · Available

Prepare your portrait, introduction and links in your studio.

Connect videos to equipment · Available

Associate content with exact catalogue references to help users choose.

Keep my own equipment together · Available

Use your personal Garage for equipment references and information.

Present promotional content · Available

Submit promotional content and codes supported by the studio, with context and validity.

INFLUENCER

Your first steps

Present my world

1. Complete your profile and links.
2. Explain your content topics clearly.
3. Submit your profile for review.

[Open my studio >](#)

Connect videos to equipment

1. Choose the variant actually shown.
2. Add the content link and details.
3. Submit it: visibility depends on approval.

[Manage contributions >](#)

Keep my own equipment together

1. Find equipment in the catalogue.
2. Add it to your Garage.
3. Keep your personal details and photos.

[Open my Garage >](#)

Present promotional content

1. Choose the relevant contribution type.
2. Provide references, links and any dates.
3. Clearly identify collaborations and wait for review.
